24th Annual Hydric Soils Workshop

presented by:

Florida Association of Environmental Soil Scientists

Tuesday April 16, 2013

USDA Service Center

3434 Hancock Bridge Parkway

North Ft. Myers, FL 33903

This one day comprehensive workshop includes lectures and a field exercise that expose attendees to commonly occurring hydric soil indicators, soil indicators of seasonal high water, and discussion of onsite treatment systems in Florida. Lectures are provided by some of the most respected experts in the field of wetlands and hydric soils. All participants will receive a copy of the Hydric Soils of Florida Handbook, 4th Edition, a laminated one-page copy of the Hydric Soil Indicators, and a ball cap.
